**Matthew C. Ball**  
Manager

### Job Announcement **Pilot / Seasonal Pilot**

Filing Deadline: Until filled

For applications, job descriptions, or questions, please visit the District's website at [www.ButteMosquito.com](http://www.ButteMosquito.com) or call (530) 533-6038

### **SEEKING**

The District is currently looking to fill a pilot position with the District, either permanent full-time or seasonally.

### **ABOUT THE DISTRICT**

The Butte County Mosquito and Vector Control District (BCMVCD) is an independent special district that serves all of Butte County, except the small area served by the Durham Mosquito Abatement District. Additionally, BCMVCD serves Hamilton City and other small areas of Glenn County. In addition to mosquito and mosquito-borne disease surveillance and control, the District also conducts regular surveillance for ticks, yellow jackets, and other nuisance pests and vectors of disease. The mission of BCMVCD is primarily to suppress mosquito-transmitted disease and to also reduce the annoyance levels of mosquitoes and diseases associated with ticks, fleas and other vectors through environmentally compatible control practices and public education.

### **GENERAL DESCRIPTION**

This position serves as a pilot for Butte County Mosquito and Vector Control District flight operations, Aviation Wing, and for support duties as assigned by the District's management or Pilot II.

### **JOURNEYMAN APPLICANTS**

The pilot must possess and maintain an FAA second-class medical certificate, commercial pilot certificate, a valid California Journeyman Pest Control Aircraft Pilot certificate, and valid California Driver's License with a safe driving record. An A & P mechanic's license will qualify a person hired as a Pilot I to receive salary at (2) steps above the salary for Pilot I without such license. Experience, training, and evaluations will be reviewed and administered by management or the Pilot II.

### **APPRENTICE PILOT APPLICANTS**

Any apprentice pilot hired must possess an FAA second-class medical certificate, commercial pilot certificate, a valid California Apprentice Pest Control Aircraft Pilot certificate (which must be upgraded to a journeyman certificate within two years of the date hired), and a valid California Driver's License with a safe driving record. Pilot I apprentice pilots must have at least 500 hours total time, 50 hours of tailwheel experience. Pre-hire flight proficiency evaluation and training will be administered by the Pilot II. Emphasis will be placed on those tasks pertinent to ag operations. An A & P mechanic's license will qualify a person hired as an apprentice pilot to receive salary at (2) steps above the salary for Pilot I without such license.

### **COMPENSATION & BENEFITS**

Compensation will depend on the applicant's Journeyman or Apprentice status and whether the applicant is applying for permanent full-time employment or seasonal employment. If you elect to become a full-time member of the team, the District provides a complete benefits package including holidays, vacation, sick leave, retirement, medical, dental, vision, and workers compensation.

### **APPLICATION PROCESS**

Please visit the District's website to apply online at ([www.ButteMosquito.com](http://www.ButteMosquito.com)) or call the District to request an application and current job description. All applicants must submit a completed BCMVCD job application and a resume that includes training, experience, and education. Applicants are encouraged to include a cover letter and may include letters of reference. **Please note that a resume unaccompanied by an application will not be considered.** Applications may be delivered to the District Office at 5117 Larkin Road, Oroville, CA 95965-9250.

## EXAMINATION AND SELECTION PROCESS

Applicants selected for interviews will be based on a qualifying evaluation of training, education, and experience of the application information. Those candidates selected for interviews will receive an oral interview to assess training, experience, and ability to perform the duties of the position. Selection will be based on a combined overall assessment of the oral interview. All qualified applicants will be considered for employment without regard to race, color, national origin, religion, gender, or sexual orientation. Please contact the District at least five (5) working days before a scheduled examination or interview if you require accommodation in the examination or interview process.

## MEDICAL TESTING

Applicants selected for appointment must pass medical examinations and drug tests administered by the District's physician. The Butte County Mosquito and Vector Control District is committed to maintaining a drug- and alcohol-free workplace.
